Present our 37th Auction of over 450 quality lots of antique and modern firearms and accessories. Featuring the fourth part of the late Geoff Dreadon estate collection, as well as other important collections. Including a large estate collection of swords, Flintlock and Percussion English handguns. Plus the first part of one of the most extensive Cartridge Board collections in Australasia. Many of these items have not been offered for sale in over forty years.

We would like to dedicate this auction to the memory of Ray Carvell. Who sadly passed away suddenly in February of this year. His contributions to this auction business and the collecting fraternity will be greatly missed. We would also like to thank everyone for their support and kind thoughts.
